Partnering with State Physical Activity Committee for Community Forums

*Nine County FCS Educators on the Healthy Oklahoma impact team are assisting the OSDH and OK Fit Kids in conducting “regional forums” for input toward an Oklahoma Obesity Prevention Plan, which will be finalized by 6/05 for grant submission to the CDC. This, along with advisors provides input for the team.

School Surveys to Help Determine Needs & Delivery

*The Healthy Oklahoma team conducted “School Surveys” in Spring 2006 to determine the needs and desired delivery methods for Extension programming in schools &/or after school programs! This provides additional input for the team, Community Nutrition Program and OSU’s Nutritional Sciences Department.
