

FUNDAMENTALS OF COUNTY GOVERNMENT

This program is designed to increase students' knowledge and awareness of their County Government and its many departments and their operations. The program would be ideal for civics, government or social studies classes. The program is best suited for 9th through 12th grade students.

County government is a subject that is usually left out of civics, government and social studies books and is the closest branch of government to the people. If our youth were more informed on it they might get more involved in it which would lead to better participation in our state and national governments.

The following materials are available at no charge in the County Government Program.

1. **HANDOUTS FOR STUDENTS** - OSU Fact Sheets and publications.
2. **DATES** - This program will be sent to the participating schools on two weeks written notice to the Extension Center. For more information on ordering, refer to Page 3.
