HOME GARDEN FOOD BASKET

This exhibit is a quality selection of five to nine different kinds and/or varieties of mature fruits and/or vegetables. Amounts of fruits and vegetables in this exhibit should be such that they can be arranged in a neat and orderly manner and have good eye appeal. There must be enough of each fruit or vegetable for the judge to determine quality. **ALL FRUITS & VEGETABLES EXHIBITED MUST BE GROWN BY THE EXHIBITOR.**

The exhibit must be in a container such as a basket or box. It may be covered with a clear plastic cover but judges must be able to handle product to determine quality. One third of the judging will be on how well the exhibit is prepared and presented. Packing such as paper, straw or cloth, may be used but the fruits and vegetables should be the main attraction of the exhibit.

The Murray County Free Fair is for the benefit of all citizens of the county. A county fair is one of the greatest educational institutions today. Fairs stimulate interest in the improvement of livestock, crops and improved home practices. Whether you win prizes at the fair is not the important thing. By comparing your work with that of your neighbors and those in other parts of the county, you can get ideas that will be of help to you down through the years. We particularly urge you to encourage the boys and girls in the fair, for they are the future.

We appreciate you!
