November 10, 2008

Dear Friend of Oklahoma Agriculture:

The Oklahoma Association of Extension Agriculture Agents will be hosting the 2010 National Association of County Agricultural Agents Annual Meeting and Professional Improvement Conference, July 11-15, 2010 in Tulsa, Oklahoma.

It has been nearly 30 years since Oklahoma hosted the National Meeting. The 2010 AMPIC is an opportunity for the State of Oklahoma and Oklahoma State University to showcase our agricultural industries, products, agri-tourism, cultural diversity and advancement, our people, economic progress for future generations and the State's Land Grant University. We anticipate over 2,000 agriculture agents and their families and retired educators will attend.

We will need donations and sponsorships of at least \$400,000 in order to host and facilitate the National Meeting. We would like to ask for your support, and any level of sponsorship would be greatly appreciated.

The enclosed brochure has additional information and donor recognition levels.

If you have any questions, please give us a call.

Sincerely,

Stan Fimple
