Snowboard rental includes board, boots and helmet. Everyone renting equipment through us MUST provide their height, weight and shoe size on the reservation form. All equipment is then pre-set. This means no lines for students to wait in to get their equipment!

Frequently Asked Questions

What Should Delegates Bring?

Everyone must wear appropriate winter clothing, including hats, waterproof insulated gloves, ski or snowpants, and especially sunscreen. All participants MUST bring either sunglasses or goggles - this is a resort requirement!! We also suggest bringing snacks and a water bottle or non-carbonated beverage for the bus ride. Those not in a lesson program should bring money if they plan to rent a locker.

If you are not participating in the ski or snowboard program, you should bring money for lunch and wear appropriate winter footwear.

How are students supervised?

All students are chaperoned on the bus. However, once we arrive at the ski resort, it will depend on the program that they have chosen. For those enrolled in a full-day lesson program, students will spend the entire day with a resort instructor. Students are grouped by age and ability level.

For those choosing a half day lesson program, students will be with an instructor until after lunch time. The half day program ends after lunch. At this time, students are released to ski or board with their friends and are responsible on their own to return to the bus at the designated time and place.

Students not in a lesson program are NOT chaperoned at the resort. They are given verbal as well as written instructions as to when and where they need to be for our return. Parents who give permission for students to ski or snowboard without an instructor also agree to pick their child up from the ski resort if they do not return to the bus at the scheduled departure time. Parents should take into consideration their individual child's experience and maturity level when making this decision. First-time and beginner level skiers or snowboarders should always be placed in a lesson program, to ensure their safety and to help them master the appropriate skills.

What about transportation?

Colorado Ski Academy contracts with Ramblin Stage Lines for ski trip transportation. Ramblin's fleet consists of modern, deluxe motorcoaches that are restroom and video equipped. Ramblin has an excellent safety record as well as experienced mountain drivers. There are adult chaperones aboard each bus.

What about Accident/Medical Expense Protection?

All participants are covered with accident insurance while traveling on the motorcoach. Optional injury protection, which covers while off the motorcoach during the day, is available for $4.00 per person. Limitations apply.
